TRADOC...Where tomorrow's victories begin

Conference Expectation

- **Understanding of COE variables/OPFOR doctrine. Adjustments?**

- **Doctrine is virtually there but will undergo minor changes during implementation.**

- **Units and Training Centers require additional training.**

- **COE requires Division/Brigade Commander “buy-in” to properly execute.**

Conference Expectation

- **Defining COE Implementation**

- **The basic tenets of implementation have been defined.**

- **CTCs are prepared for near-term initial implementation**

- **Additional training is required, especially for Operations Groups and Training Support Divisions**

- **Full implementation will be a long-term process**

- **HICON/ Infrastructure**

- **OPFOR material**

Conference Expectation

- **CTC OPFOR Organizations**

- **Current CTC Order of Battle (revised) will implement near term COE requirements with DCSINT approval**
- **Basic organizations defined (by DCSINT) for the future CTC force - must have ability to replicate the desired effects.**
- **Identifying the materiel requirements to meet the capability replication requirements**
- **Always resource constrained - must establish priority systems/requirements**

The Road Ahead

- **Synchronize implementation across the training domain**
 - **TRADOC Institutions**
 - **Home Station**
 - **USAR/ARNG**
- **Requirements development**
 - **Doctrinal Compliant**
 - **CTC specific**
 - **Meets the intent of the CTC-MP**
- **Continue assistance/assessment visits and begin accreditation visits**

The Road Ahead

- **Focus effort on the Reserve Components**
- **8th Annual OPFOR Conference**
- **Final Thoughts**
 - **Conference Briefings will be posted to the OPFOR Directorate webpage next week.**
(<http://tradoc.monroe.army.mil/dcsint/opfor2.htm>)
 - **Please turn in any suggestions for Conference improvement/sustainment via critique sheets prior to departure.**
